DEATH OF COL. MANSUR

Col. Z. M. Mansur, for many years a resident of Brighton, passed away last Saturday night at a Burlington sanitarium, where he has been under treatment for the past six months. The body was taken to his home in Newport, where impressive funeral services were held Tuesday afternoon.

Mr. Mansur was born in Morgan, Nov. 23, 1843. He enlisted and served for four years in the Civil War. He was appointed postmaster at Island Pond in 1867 and held that office for several years.

He studied law with Geo. N. Dale from 1870 to 1875 and was admitted to the bar in the latter year, practicing until 1892. He represented Brighton in the legislature in 1886 and Essex County in the senate in 1888. From 1894 to 1896 he served the state as lieutenant-governor. He was collector of customs for the district of Memphremagog from 1897 to 1906. He has been president of the National Bank of Derby Line since 1905, and for many years has been trustee of the Montpelier seminary and the University of Vermont.

Col. Mansur was a 32nd degree Mason, and was a member of the Newport Lodge.

Arthur G. Mansur of Burlington, a son, survives him.

Col. Mansur has left a splendid record of a life rich in service for his country and fellowmen.

Struck by Car

Bert Shedd had a narrow escape last Wednesday night while working at his position as switchman in the local yards. A heavy timber projecting from a car, which was being switched, struck him on the head, rendering him unconscious. He was taken to his home where it was found necessary to call a doctor, who took four stitches to close an ugly scalp wound.

Excellent Lecture

Rev. W. T. Sparhawk of Randolph, gave an illustrated lecture at the Congregational church, Wednesday evening, March 25, on "The Heart of the Sierras," describing the Yosemite valley, the big trees of California, and toll collecting at Wawona, to an appreciative audience. Mr. Sparhawk is a pleasing and informational speaker and the lecture was illustrated by over 100 of the finest views ever grouped in one lecture. The lecture and views together furnished an evening's entertainment of exceptional value.

The Giants, Car Knockers and Custom House teams will compete this week for the cup, and some hot sessions should take place as this will bring the best local bowlers together.

WOODSMAN KILLED BY TRAIN

Arthur St. Hiliare, a woodsman in the employ of Robarge & Bernier, was killed last Saturday morning, presumably by Train No. 1, somewhere between here and East Brighton.

His body was found near the west switch of the local yards badly mangled and had evidently been dragged some distance.

He had been about town all the evening and was probably on his way to East Brighton when he was struck. The theory expressed by railroad men is that he was asleep on the track, and when the train rushed over him his feet caught in the engine, if he had been standing, the momentum of the train would have hurled him to one side.

His remains were taken to Clarke's undertaking establishment, where they were claimed by his brother, who took them to his home in Berlin, N. H., where the funeral occurred.

Buy the Mill Property

Fred Paquette, Jr., has purchased all the mill property in the village, of the Fitzgerald Land & Lumber Co., although they will for the present retain their office in the same building. When interviewed, Mr. Paquette stated that he had no immediate plans on what he would do with the property, but as he does a general business in hay, wood, etc., which is rapidly increasing, we presume he will use it for that purpose.

Married—At the Methodist parsonage by Rev. W. C. Christie, on March 18, Jarrod Annis of Norton Mills, Vt., to Mildred Hill of Sherbrooke, Que.

A Business Remedy

If a Business Man finds he is losing trade because of lack of clerks, he'll supply more clerks.

If a Business Man finds his store or office is too small to accommodate profitable callers, he'll engage additional accommodations.

If a business Man finds his telephone frequently reported "busy," it may mean that customers trying to reach him will take their orders elsewhere unless he supplies the facilities for promptly doing business.

In such an emergency, the advantages of a one party line, a receiving line or extension set are worth knowing. May we not explain these advantages to you?
